**SUMMER HOLIDAY HOMEWORK (2024-2025)**  
**CLASS – IV**

*It's summer time and school vacation has begun. It's time to play and have fun INDOORS.  
Time to spend with your kith and kin.*

*May this summer bring you a lot of joy and happiness. I hope you have a great summer vacation.*

"The holiday season is a perfect time to reflect on blessings and take out ways to make life better for those around us". Summer Vacation is the most awaited time for parents and kids alike. Thus, our responsibilities get double to keep our children active. Considering this, we have tried to keep "Summer Holidays Homework" simple and informative but interesting as well, so that our children love to spend their time in completing it. The objective of holidays homework is to enable our kids work independently and also to improve their academic skills.

Prepare a systematic timetable and follow it religiously from the very first day. Allow your children to complete homework on his/her own under your guidance. Holiday Homework is an interesting way to utilise the time in the most fruitful way. Summer Vacation is a time to exhilarate and rejuvenate oneself... It's a break from alarm clocks, all the hustle-bustle of the daily routine. It's time for fun, frolic, going for morning walks with family, playing for longer hours with friends, going for picnics, exploring new places and watching your favourite shows and movies. But there is a lot more that can be done to make vacation more interesting and meaningful. In order to facilitate learning and to develop regular study habits in children, we send this Holiday Homework for them. This homework has been designed keeping in mind the long break so that our learners stay connected to the ongoing process of learning. Children should be encouraged to sit for an hour at a time to concentrate on a given task on regular basis. This will keep them engaged throughout the holidays as well as keep the enthusiasm alive for completing the work. The work is to be done neatly and submitted to the teachers after the vacation. Wishing you all a very enjoyable and fun-packed summer break!
