Q2. Roll no. 1 to 20

Vocabulary enrichment is the most essential part of language learning which helps us in giving creativity to our expressions. Here is a small exercise to enrich you with words we require in our day-to-day life.

Make a list of thirty words which we can use instead of 'very'. Eg: very slow –sluggish, Very sorry- apologetic etc. Present your work neatly on a A-4 sheet with pictures.

Roll no. 21 onwards

The beauty of language lies in expressing idiomatically in spoken or written form. It makes the language interesting and expressive.

Eg: My stomach was growling like a dog I was hungry

My smile was as big as the sun I was happy

Search or create such expressions, where an ordinary statement is written in a different way. (Any 20). Present your work on A-4 size sheet.

### **Science**

#### **Roll No : 1-20**

Many people think that mushrooms are vegetables. But this is not the case. All vegetables and fruits come from edible plants. The main characteristic of plants is that they contain chlorophyll, which is used to convert energy from sunlight into carbohydrates. However, mushrooms contain no chlorophyll which means they cannot photosynthesize; they 'steal' the carbohydrates they need from plants. A mushroom (*Agaricus Bisporus*) is one of the many species of fungi. They have been given their own kingdom due to the sheer number of species that exist:

## **'The Kingdom of Fungi'**

Prepare a project on **"Edible Mushrooms"** (any 10) using A-4 size sheets (not more than 10 sheets) and handmade folder with the following parameters:

5. Cultivation of mushrooms

(Paste relevant pictures)

- Prepare a pamphlet to promote "Organic Farming" in order to spread awareness on Good Agricultural Practices.

## **Roll No : 21- 45**

Mushroom poisoning is usually the result of ingestion of wild mushrooms after misidentification of a [toxic mushroom](#) as an edible species. The most common reason for this misidentification is a close resemblance in terms of color and general [morphology](#) of the toxic mushrooms species with edible species.

Prepare a project on **"The World's Most Poisonous Mushrooms"** using A4 size sheets (not more than 10) and handmade folder including following topics:

1. What is mushroom poisoning?
2. Signs and symptoms of mushroom poisoning.
3. World's 10 deadliest mushrooms.
4. Causes of mushroom poisoning.
5. Prognosis and treatment.

(Paste relevant pictures)
